

Will **You** Help Us

Transform the **Future** of Healthcare in Africa?

"Gidel hospital is the only referral hospital for over a million people, but without AMH we would close. If AMH's efforts can be scaled up throughout Africa, the impact will be enormous."

– **Dr. Tom Catena** Surgeon, Gidel Hospital in the Nuba Mountains of Sudan.
Winner of the 2019 AMH Gerson L'Chaim Prize

Africa has **25%** of the world's disease burden, but only 3% of its health care workers

Only **20%** of women living in Uganda who need a C-section are able to get one

The average cost of each surgery sponsored by AMH is less than **\$500**

Less than **5%** of African children have access to surgical care

Many African countries have **<1** surgeon per 100,000 people, as compared to 55 surgeons per 100,000 in the US

During their career a surgeon will perform 11,000 surgeries and a family doctor or nurse will see 80,000 patients

WHAT AMH DOES

- Partners with teaching hospitals across Africa
- Trains surgeons, doctors, nurses, physician assistants, nurse anesthetists, and others: doctors who train in Africa stay in Africa
- Sponsors surgeries and procedures through our Surgical Access for Everyone (SAFE) program
- Builds operating theaters, pediatric wards, education centers and staff housing
- Helps hospitals and their patients gain access to oxygen and other critically needed medicines and supplies

EXAMPLES OF IMPACT

AMH's maternal mortality is 77% lower than the national average in Uganda despite the risk of C-sections

To date, AMH has sponsored more than 19,000 SAFE surgeries and procedures

During 2020 alone and despite COVID, we trained 520 health professionals who will go on to care for nearly 1.8 million patients over their career. In addition, 10,391 health workers continued their medical development through our online training platform

Partner with us in transforming the future of healthcare in Africa. A **100% match** of your gift by Rabbi Erica and Mark Gerson in collaboration with UBS doubles your impact – as a result:

Your **\$1,000** gift sponsors 16 women and their newborns to access C-sections (8 C-sections)

Your **\$5,000** gift sponsors a surgical camp in Uganda repairing birth injuries for more than 20 women and supporting hands-on training for several young surgeons, midwives, and other professionals

Your **\$10,000** gift trains two high school graduates to become ultrasound technicians who will support safe motherhood for thousands of women

Your **\$25,000** gift trains a pediatrician and an ob-gyn in Uganda
